

Welcome to Enterprise Electronic Visit Verification

Overview

Welcome to HHAExchange! We are delighted to have the opportunity to serve your Provider Agency! We value all your efforts in delivering quality care to your members and have recognized all the positive experience you provide. At HHAExchange we want to help drive your provider agency's legacy as we continue down the path to Electronic Visit Verification (EVV) compliance. Your participation plays a vital role in the success of the EverCare partnership with HHAExchange, and we can assure you that HHAExchange is here to guide you through the process.

This document provides implementation details and expected timelines for your Provider Agency. These steps are the key guidance on all the different required parts that ensure a successful path with the integration of HHAExchange and EverCare.

Current Providers working with HHAExchange

Using the Enterprise HHAExchange Provider Portal

For Providers who currently use the HHAExchange EVV solution in coordination with the EverCare EVV program, HHAExchange works with your Provider Agency through a series of information sessions and trainings. This series of sessions and trainings are necessary for your Provider Agency to get acclimated with the HHAExchange platform, in effort to meet the EVV mandate requirements.

The information session provides the background and major milestones required while the training assists in understanding the different functionalities available via the HHAExchange Provider Portal. As we move along these steps, communications are sent to the Admin User of your agency.

EverCare has partnered with HHAExchange to provide a new linked contract to be used moving forward after the go-live date. Providers are expected to start servicing members for EverCare under the new linked contract. The below-listed steps offer further guidance on how a Provider Agency is required to make the switch.

Timeline and Steps for Implementation Readiness
