

Welcome to Electronic Visit Verification

Overview

Welcome to HHAExchange! We are delighted to have the opportunity to serve your Provider Agency! We value all your efforts in delivering quality care to your members and have recognized all the positive experience you provide. At HHAExchange we want to help drive your Provider Agency's legacy as we continue down the path to Electronic Visit Verification (EVV) compliance. Your participation plays a vital role in the success of the EverCare partnership with HHAExchange, and we can assure you that HHAExchange is here to guide you through the process.

Now that you have completed the Provider Questionnaire Survey, we have outlined important next steps and dates specific to the options you have selected. Please review more details for your selected option and the timeline for the implementation specified below. These steps are your key guidance on all the different parts that are required to ensure you are on your path of success with HHAExchange.

For Providers working with HHAExchange

Using the Free EVV Tool provided by EverCare and HHAExchange

EverCare has partnered with HHAExchange to provide a free Electronic Visit Verification (EVV) and billing tool for member placement, scheduling, authorization management, communication, and direct billing for Home Health Aide services.

For Providers who elected to use the free HHAExchange EVV solution in coordination with the EverCare EVV program, HHAExchange works with your Provider Agency through a series of information sessions and trainings. These series of sessions and trainings are required to have your Provider Agency acclimated with the HHAExchange platform, in effort to meet the EVV mandate requirements. The information session provides the background and major milestones required while the training assists in understanding the different functionalities available to you in the HHAExchange Provider Portal. As we move along these steps, communications are sent to the user who completed the Provider Portal Questionnaire.
