

Welcome to Enterprise Electronic Visit Verification

Overview

Welcome to HHAExchange! We are delighted to have the opportunity to serve your Provider Agency! We value all your efforts in delivering quality care to your Members and recognize all the positive experiences you provide. At HHAExchange we want to help drive your Provider Agency's legacy as we continue down the path to Electronic Visit Verification (EVV) compliance. Your participation plays a vital role in the success of Nascentia's partnership with HHAExchange, and we can assure you that HHAExchange is here to guide you through the process.

This document provides implementation details and expected timelines for your Provider Agency. The steps listed below outline the actions required to ensure a successful implementation of the linked contract through HHAExchange with Nascentia.

Current Providers working with HHAExchange

Using the Enterprise HHAExchange Provider Portal

For Providers who currently use the HHAExchange EVV solution in coordination with the Nascentia EVV program, HHAExchange works with your Provider Agency through a series of information sessions and trainings. This series of sessions and trainings are necessary for your Provider Agency to get acclimated with the HHAExchange platform, in effort to meet the EVV mandate requirements.

The information session provides the background and major milestones required while the training assists in understanding the different functionalities available via the HHAExchange Provider Portal. As we move along these steps, communications are sent to the Admin User of your agency.

Nascentia has partnered with HHAExchange to provide a new linked contract to be used moving forward after the go-live date. Providers are expected to start servicing Members for Nascentia under the new linked contract. The below-listed steps offer further guidance on how a Provider Agency is required to make the switch.
