

Welcome to Electronic Visit Verification

Overview

We are delighted to have the opportunity to serve your Provider Agency. We value all your efforts in delivering quality care to your members and have recognized all the positive experiences you provide. At HHAeXchange we want to help drive your Provider Agency's legacy as we continue down the path to Electronic Visit Verification (EVV) compliance. Your participation plays a vital role in the success of the RiverSpring partnership with HHAeXchange, and we can assure you that HHAeXchange is here to guide you through the process.

We have outlined important next steps and dates specific to Providers currently using HHAeXchange's Free EVV tools. Please review more details regarding the timeline for the RiverSpring implementation specified below. These steps are your key guidance on all the different parts that are required to ensure you are on your path of success with HHAeXchange.

For Providers working with HHAeXchange

Using the Free EVV Tool provided by RiverSpring and HHAeXchange

RiverSpring has partnered with HHAeXchange to provide a free Electronic Visit Verification (EVV) and billing tools for Member placement, scheduling, authorization management, communication, and direct billing for Home Health Aide services.

For Providers using the free HHAeXchange EVV solution in coordination with the RiverSpring EVV program, HHAeXchange works with your Provider Agency through a series of information sessions and trainings. These series of sessions and trainings are required to have your Provider Agency acclimated with the HHAeXchange platform, in an effort to meet the EVV mandate requirements. The information session provides the background and major milestones required while the training assists in understanding the different functionalities available to you in the HHAeXchange Provider Portal.
